

Use this chart to determine which GAF TPO system is right for your specific need...

Desired Characteristic	Typical Applications	EverGuard® (Premium TPO)			Freedom™ (Self-adhering TPO)	Our Best TriPositeXL™ (EverGuard® combined with GAF asphaltic)
		fully adhered	mechanically attached	ballasted	self-adhering, heat-welded	TPO TriPositeXL™
Multi-Layered Membrane Protection	Hospitals, telecom, police, fire, computer installations	N/A	N/A	N/A	N/A	E
Flexes To Conform To Roof Movement	Warehouses, distribution centers, shopping centers	VG	E	E	VG	VG
Low Maintenance	Hospitals, telecom, police, fire, computer installations	E	E	VG	E	E
Light Reflective For Energy Savings	Hot climates, small business, institutional, government buildings	E	E	G	E	E
Puncture/Leak Resistant	Hospitals, telecom, police, fire, computer	VG	VG	VG	VG	E
Easy To Repair After Installation	All informed owners seek this characteristic	E	E	P	E	E
Heat Welded, Self-Adhered, Torched, Cold-Applied, Or Mopped Seam Strength	Hospitals, telecom, police, fire, computer	E	E	E	E	E
Grease/Oil/Chemical Resistant¹	Manufacturing, hospitals, food processing, restaurants	E	E	VG	E	E
Can Be Installed In Cold Weather	Buildings located in cold climates	G²	VG	VG	P	G

E = Excellent **VG** = Very Good **G** = Good **P** = Poor
(Ratings based on GAF estimates and contractor interviews)

¹See GAF Guarantee for specific exclusions

²May require that installation adhesive be pre-heated
