

WORKHORSE™ *"Color-Coordinated Low Slope Membrane—
To Complement Your Shingle Roof"*

ROOFMatch™

APP & SBS Granule Surfaced Modified Bitumen Membrane

Colors shown are available in APP & SBS Modified Bitumen Membrane

Note: These blended colors are designed to complement your shingles, not to be an exact match. Because of the small size of these samples, it is difficult to reproduce the actual color effect. Please be sure to see a full-size roll before making a final color selection.

WORKHORSE™ *"Color-Coordinated Low Slope Membrane—
To Complement Your Shingle Roof"*

ROOFMatch™

APP & SBS Granule Surfaced Modified Bitumen Membrane

Outstanding Appearance

- **Five popular Timberline® Series color-coordinated colors...** to complement industrial, commercial, and residential shingle applications
- **Architecturally distinctive...** accentuates the beauty of brick, wood, stucco and other popular exteriors

Superior Performance

- **Made with modified asphalt...** for long-lasting performance in all climates
- **Strong polyester mat...** for maximum resistance to tearing and splitting
- **Rugged design...** stands up well to regular roof maintenance

Peace of Mind

- **Fire resistant...** for use in UL Class A assemblies
- **Backed by Building Materials Corporation of America...** North America's largest roofing manufacturer

Choice of Application

- **Hot-mop SBS application...** especially good for commercial and industrial applications
- **Cold adhesive SBS application...** convenient; great where asphalt fumes are unacceptable
- **Heat-welding APP application...** excellent adhesion; good in cooler weather; no kettle required
